classic@Steel:~/plvision$ vim text.txt
<KEY INSERT>

I'm telling the wrong lies,

they are not even useful.

The right lies would at least

<type text> this line looks suspicies

be keys, they would open the <type word> Double door.

The door is closed; the chairs,

<END, type tetx "fff"> the tables, the steel bowl, myself

<ESC, dd>shaping bread in the kitchen, wait

outside it.

<ESC, Shift+:, wq>

classic@Steel:~/plvision$ cat text.txt
